## Summary

---

Ambitious Computer Science undergraduate with a strong interest in Artificial Intelligence and software development. Experienced in building intelligent, real-time applications using machine learning and computer vision techniques. Adept at translating theoretical concepts into practical solutions through hands-on projects, with a continuous drive to learn emerging technologies and deliver impactful results.

## Skills

---

**Programming Languages:** Java, Python, C

**Web Technologies:** HTML, CSS, JavaScript

**Databases:** SQL

**Core Concepts:** Data Structures and Algorithms, Object-Oriented Programming, Operating Systems, DBMS

**Tools & Platforms:** Git, GitHub, VS Code, Jupyter Notebook

## Education

---

- **Malla Reddy Engineering College** *2022 – 2026*  
Bachelor of Technology in Computer Science and Engineering
- **Narayana Junior College** *2020 – 2022*  
Intermediate (MPC)

## Projects

---

**Real-Time Facial Recognition System** — [Link](#)

**Tech Stack:** Python, OpenCV, dlib, CNN, Flask, HTML, CSS, JavaScript

- Developed the complete application using **Python**, implementing Convolutional Neural Networks (CNN) for facial recognition.
- Used **OpenCV** to capture and process real-time webcam video for face detection and tracking.
- Implemented **dlib facial embeddings** for feature extraction and identity representation.
- Evaluated model performance on real-world datasets, achieving high accuracy in live recognition scenarios.

**Missing Child Identification System**

**Tech Stack:** Python, Flask, MTCNN, dlib, KNN, HTML, CSS, JavaScript

- Built an AI-powered identification system using **Python** to match missing children with stored facial records.
- Applied **MTCNN** for reliable face detection and alignment from input images.
- Extracted facial features using **dlib** and stored embeddings in a centralized image database.
- Implemented **K-Nearest Neighbors (KNN)** with cosine similarity to efficiently compare and identify matching faces.

## Certifications

---

- Microsoft Certified: Azure AI Fundamentals
- Giga Groove – Google Developer Student Clubs
- Internship Certification – R Square Educational Services
- Internship Certification – Skilltimate Technologies
